Introduction

We are pleased to be able to offer you this fifth annual edition of the Almanac.

Having made major changes to the age groups and listings in 2013, there have been few if any changes to the age groups and the listing of performances in this edition. The database continues to grow and now contains over 54,600 performances by 3040 athletes. Major work in the 2014 year focussed on consolidating the lists of Records. Bylaw changes that reflect this consolidation are expected in the early part of 2015 and we should then be able to fill in some of the “gaps” in the data. We have added a couple of new sections and have extended the lists to include the names of all athletes who achieved a ranking qualifying performance – rather than as in the past restricting the lists to the top 50 ranked athletes in each event. Again for this edition we have collected most of the data ourselves over the past few months – so we take responsibility for any errors. Once again, before getting immersed in the content, we would advise you to spend a few minutes reading the Notes section which details some of the intricacies of the data.

We are grateful to the following colleagues and associates who provided content and their expertise to sections of this almanac:

Gavin Lovegrove of Lovegrove Design, designed the cover, undertook the typesetting and layout and coordinated and supervised the printing of the Almanac. Terry Lomax supplied the data relating to the Athletics New Zealand Grand Prix Series and Murray McKinnon supplied some interesting facts on National Champions.

NOTES

2014 Calendar Year – The material in this Almanac covers the 2014 Calendar year which is from 1st January 2014 until 31st December 2014.

Age Groups – New Zealand had three age groups in 2014. They were: Youth Men/Women, Junior Men/Women, Senior Men/Women. These were the same as the IAAF definition. (see table below)

Names – We have used the convention that the athletes name as recorded on the Athletics New Zealand membership database is the name of the athlete that we record in our statistics. Names of athletes on the Athletics New Zealand membership database are sometimes at variance with the name used when entering a competition. Some athletes interchange abbreviated names and differently spelt first names across competitions. Further, many athletes names on registration become abbreviated or differently spelt when they enter a competition. We have endeavoured to be consistent but in many instances the athlete themselves prefer to be known by either name – depending on the circumstances (and their mood!).

Name Change – Some athletes do change their family name due to specific circumstances e.g. marriage. Again we use the same convention as above – the family name they are using in the entry list or results of a competition. As far as we are aware the only athletes who have different family names in different parts of this Almanac are:

Valerie Adams – Valerie Vili
Demelza Murrhiy – Demelza Murrhiy-Topp
Lesley Morton – Lesley Ryan
Angela Petty – Angela Smit
Bryn Jones – Bryn McLeod-Jones

Tania Murray – Tania Murray-Dixon
Danielle Trevis – Danielle Ingram –Trevis
Leonora Joy-Petrina – Leonora Petrina
Fiona Centers – Fiona Hely
Jordan de Spong – Jordan Rackham

Affiliation - Again we have used the convention that the athlete's affiliation is the one under which they are registered on the Athletics New Zealand membership database. We are reliant on athletes informing us of a change of affiliation (Centre/Club). For records, an athlete may be representing their club, their Centre, or has been selected to represent New Zealand. Whichever representation is officially recorded at the time of the competition where a record is set is the one that we use.

Ranking Lists - Age group athletes' performances (Junior Men/Women, Youth Men/Women) will also appear in the Open Men/Women lists if the event specification (implement weight/ hurdle height) of the age group is the same as that of the specification for Senior Men/Women. Youth Men/Women athletes will not appear additionally in the Junior men/Women lists unless they compete with Junior Men/Women implements/hurdle heights.

All-Time Lists - The All-time lists were first compiled in early 2010 and listed the top 20 All-time performances. Since that time, there have been performances that would fit into the top 20 All-time. Hence some of the lists are longer than 20 athlete's performances. Only athletes who were eligible to represent New Zealand internationally at the time of the performance are included in the All-time lists.

Age Records - Eligibility for a New Zealand Age Record is different from eligibility for competing in an Age Group. Age Records are adjudged on the age of the athlete on the day of the performance.

Registered Athletes - Only performances achieved by athletes who are members of Athletics New Zealand appear on Ranking Lists. Some school athletes, Children's Association athletes, Masters/Veteran athletes are not members of Athletics New Zealand.

Placing in a competition - Because of the many different ways results are presented it is not always possible to work out correctly the athlete's finishing position in an event. In many mixed age group competitions and events, sometimes finishing position is recorded with finishing position by age group, whilst some results record finishing position according to the whole event result. Caution must therefore be taken when reading the placing position in the rankings lists.

Errors/Omissions - If you do find any errors or notice any omissions in this Almanac please let us know at stats@athletics.org.nz so that they can be addressed.

Rankings Lists Age Groups for 2014 year

In line with the IAAF age groups (IAAF Rule 141) the New Zealand ranking lists for the 2014 year were maintained as follows:

Senior Men/Women – athletes born in 1994 or before.

Junior Men/Women – a Junior athlete is one who is 18 or 19 years of age on the 31st December in the year of the competition – i.e. athletes born in 1995 or in 1996.

Youth Men/Women – a Youth athlete is one who is 16 or 17 years of age on the 31st December in the year of the competition – i.e. athletes born in 1997 or in 1998 (or later).

These age groups also apply to New Zealand National Championships competitions.

Corrections to Almanac 2014

During the year I was advised by Felix Maisey-Curtis that he had eligibility to compete internationally for New Zealand. Felix was born in New Zealand, but has attended school and university in Great Britain. Together with his statement of eligibility, Felix also submitted a number of his competition results achieved in 2012, 2013 and 2014. These performances were added to the database and to Felix's performance profile and to the corresponding ranking lists (100m, Long Jump and Triple Jump). Therefore, the lists as printed in the 2012 and 2013 Almanac do not contain these marks. The amended lists containing these marks can be viewed at www.anzrankings.org.nz

NEW ZEALAND ATHLETES LISTED IN THE WORLD MERIT RANKINGS IN 2014

New Zealand Athletes in World Merit Rankings 2014

The annual world top 10 merit rankings are drawn up by a selection panel consisting of the co-editors of Athletics International, Peter Matthews and Mel Watman, together with Stan Greenberg and Stuart Mazdon (UK), Mirko Jalava (FIN), Alfons Juck (SVK), A Lennart Julian (SWE) and Ed Gordon (USA).

The panel assessed the year's records of the leading contenders and the ranking order was determined by consensus. Among the factors considered were athletes' placings in significant competitions. As ever the panel were concerned with the quality of athletes' best marks, their consistency, and win-loss records against other ranked competitors. Marks made indoors were not considered. For each athlete, their five/six best marks in 2014 and details of placings and performances in meaningful competitions is given. Two New Zealand athletes feature in the 2014 world merit rankings.

ATHLETICS NEW ZEALAND GRAND PRIX 2014

Athletics New Zealand Grand Prix 2014

(Compiled by Terry Lomax)

The 2014 Edition of the Athletics New Zealand Grand Prix was a further evolution of the concept. Now in its 3rd Year of existence, this years GP had the added attraction of increased prize money. This increase covered individual events at the different tiers, in addition to an overall Performance Bonus.

While the Individual events calculations were simplified to be based solely on athlete placings in GP competitions, the Performance Bonus pool used IAAF Scoring tables to calculate the athletes performance rankings at GP Meetings.
